**C350iF / C250iF**

**Standard Features**

Copy/Print/Send/Fax

Colour/Black and White

Print up to 36 ppm (Letter)

Up to 600 x 600 dpi

Up to 8½" x 14"

2,300-sheet maximum capacity

In-line finishing option

Scan up to 36 ipm

Scan directly to Microsoft® PowerPoint® and Searchable PDF formats

Hard Disk Drive Lock and Erase, IPsec

Designed for

**Busy workgroups that  
demand connected workflows  
in a compact space**

# Simply advanced.

As Canon's most advanced compact colour MFPs, the imageRUNNER ADVANCE C350iF/C250iF models deliver easy, efficient workflows and connectivity to mobile devices and cloud-based tools. Smooth fleet integration allows transition from single-function printers to advanced MDS solutions, without sacrificing space. Designed to help any business reach higher productivity, these models are simply advanced.

## People-Centric

An exceptionally intuitive, simple-to-use interface puts access to all functions right at your fingertips, whether at the device or at your desktop.

## Security

Multilayered solutions help safeguard confidential information and, with certain options, support security compliance.

## Cloud-Enabled

A touch of a button on the user interface lets you access, scan to, or print directly from certain cloud applications.

## Brilliant

Get noticed with high-impact, vivid and vibrant colour and crisp black and white, all delivered with impressive speed and quality.

## Mobile

Even on the go, you're in control. Print from a laptop, tablet, or smartphone to an imageRUNNER ADVANCE system.

## Connected

Advanced technology and expansive enterprise applications work seamlessly with your device to deliver exceptional results.

# People-centric. Brilliant output.

Designed to help users complete tasks quickly and easily, the imageRUNNER ADVANCE C350iF/C250iF models' advanced capabilities deliver impressive, customizable usability while also saving space.

## A smart, intuitive interface

The imageRUNNER ADVANCE C350iF/C250iF models are designed with you in mind. With an impressive range of customizable, simple-to-use, streamlined features, the imageRUNNER ADVANCE platform lets users work smarter and faster. The 7" full-colour, tiltable, high-resolution TFT touch-screen helps provide exceptional clarity and usability.

### Two menus

Press the Main Menu key for instant access to business-ready functions. Create and access routine tasks and job flows using the Quick Menu.

### Custom options

Organize and restrict the on-screen buttons to fit the way you work by determining their number, size, and layout. Even display your own graphics as a screen background.

### Web-ready

View Web pages directly from the device control panel. Just enter a URL to browse pages. Easily output online PDFs.

### Tutorial

### Handy tutorials

Quickly access simple, step-by-step instructions right on the user interface. On-screen animations help replace consumables and increase productivity.

Simple Toner Replacement

Easy Paper Access

Contactless Card Reader

Staple Finisher

## Designed for ease

Even with their compact size, the imageRUNNER ADVANCE C350iF/C250iF models are big on ease-of-use features, including a tilttable screen, quick-to-replace supplies, and paper drawers that open easily and self-retract. An optional USB keyboard and Card Reader further enhance ease of access.

## Designed to fit

The imageRUNNER ADVANCE C350iF/C250iF models give you brilliant, vivid output in a space-saving package. Smartly designed, the models offer an optional staple finisher to produce client-ready documents.

## Engineered for adaptability

These intelligent systems are Canon's most advanced colour letter-/legal-sized multifunction printers, supporting many of the same workflows as Canon's larger, ledger-sized MFPs. With the ability to smoothly integrate hardware and software solutions, the imageRUNNER ADVANCE C350iF/C250iF models let you personalize applications to meet your goals of today—and tomorrow. And it's highly flexible, so you can easily add to, or update, your system by quickly deploying settings and applications across your enterprise.

## Walk-up convenience

Perform a host of powerful tasks right on the device's large, tilttable colour screen, without having to go back to your desk. View and print PDF files. Easily scan to, or print from, a USB thumb drive. Access and store documents on other imageRUNNER ADVANCE systems—and more.

## A familiar experience

Users will be quick to master the imageRUNNER ADVANCE C350iF/C250iF models—or any other imageRUNNER ADVANCE system. With built-in consistency all across the line, each model has the same user interface, print drivers, and utilities for more productivity, less training, and less burden on IT.

# Powerful integration. Outstanding efficiency.

Small but powerful, the imageRUNNER ADVANCE C350iF/C250iF models are highly effective digital communications hubs. Connect with enterprise applications. Integrate with mobility solutions. Streamline complicated tasks. Gain the freedom to be more productive.

## On the go

In an increasingly mobile world, effective business people need to be productive wherever they are. Canon delivers advanced solutions that help you optimize your efficiency, regardless of the size of your business.

### Mobile devices

Print and scan from your laptop, tablet, and smartphone.\* Just log-in at an imageRUNNER ADVANCE device to retrieve your job.

### Cloud portal

Gain quick access to certain cloud-based applications right from the imageRUNNER ADVANCE. Simply log in to send or access documents to and from the cloud.

### Desktop integration

Enjoy even greater control and convenience right from your PC. Use the imageRUNNER ADVANCE Quick Printing Tool to print, fax, preview, and convert files to PDFs, as well as monitor the status of your system—all without opening an application. And imageRUNNER ADVANCE Desktop lets you manage and prepare documents, combine multiple formats, preview files, and select the finishing features.

\*Check for supported devices.

## Extensive print solutions

### Complete print support

Both models support Canon's proprietary, high-speed UFR II print technology as well as PCL 5e/6 and Adobe® PostScript® 3™. All are standard, built right into Canon's most advanced colour letter-/legal-sized MFP systems.

### Control

Canon's Driver Configuration Tool allows you to set specific defaults and custom profiles. You can control costs with features such as default duplex printing and also enhance security by forcing secure print.

## Easy collaboration

### Inter-device connectivity

The imageRUNNER ADVANCE C350iF/C250iF models deliver true fleet integration, easily connecting with other Canon models on your network. Leverage features including Advanced Box folders on other Canon imageRUNNER ADVANCE devices, remote address books, remote storage capabilities, and more.

### Scan, store, and distribute documents

Canon makes it simple to save, store, and access scanned documents from multiple locations, including external memory media or another networked location. Easily distribute scanned documents to multiple destinations—including e-mail addresses, faxes, and network folders—all in a single step. Scan documents directly into your choice of multiple formats, including Microsoft PowerPoint or a Searchable PDF file, as well as High Compression PDF/XPS, PDF/A, and Encrypted PDF.

### Fax documents

Enjoy standard Super G3 fax capability on each model. Job Forwarding can automatically route incoming faxes to other systems, users, e-mail servers, or destinations for total integration. Plus, you can automatically redirect incoming faxes to certain Canon LBP printers.

## Right from your PC

Enjoy even greater control and convenience right from your PC. Use the new imageRUNNER ADVANCE Quick Printing Tool to print, fax, preview, and convert files to PDFs, as well as monitor the status of your system—all without even opening an application. imageRUNNER ADVANCE Desktop lets you manage and prepare documents, combine multiple formats, preview files, and select the finishing functions.

### Advanced business process optimization

Leveraging the capabilities of devices like the imageRUNNER ADVANCE C350iF/C250iF models, Canon can deliver tools to help optimize the way any business performs core tasks. These include printing, copying, scanning, document storage, document management, information sharing and more, even bringing the power of cloud-based tools to many common workflows.

# Robust security. Centralized management.

In today's networked world, you need greater control over your resources and data. The imageRUNNER ADVANCE C350iF/C250iF models deliver just that with the ability to configure a system, help safeguard information, and track resources, all right at your fingertips.

## Powerful command

Canon's device management tools keep you in charge at every step, right from your desktop or through the cloud. Easily install and replace devices, migrate settings and data to new ones, and distribute applications and settings across your network. Monitor a single device with the Remote User Interface or an entire fleet with the imageWARE Enterprise Console. You can even receive alerts when supplies or service are needed.

## Safeguard data

From installation to retirement, these models offer multilayered solutions to help safeguard information and support security compliance. HDD Erase, a standard feature, removes latent images after each task to help safeguard your information during use and at end of life. A security chip with tamper-resistant hardware helps protect passwords and encryption keys. IPsec provides security for data as it traverses the network.

## Maximize resources

These systems offer advanced tools to help you track, manage, and influence user behavior. Solutions such as uniFLOW analyze output, encourage double-sided printing, and allocate costs by department, project, or client. You can also route jobs to the most cost-effective device.

## Secure authentication

With the need to keep data secure, AA-Print provide a serverless environment where users can print from anywhere within the network to any supported device via log-in authentication. This helps prevent printed documents from being left unattended.

## Security Features

### Document Security

- Document Scan Lock and Tracking
- Adobe LiveCycle® Rights Management ES2.5 Integration
- Encrypted Secured Print
- Watermark/Secure Watermark
- Copy Set Numbering
- Encrypted PDF
- Digital Signature PDF
- Fax Forwarding
- Fax Destination Confirmation

### Mail Server Security

- POP Authentication before SMTP
- SMTP Authentication

### Network Security

- IP/MAC Address Filtering
  - Port Filtering
- SSL Encryption
- Network Application On/Off
- USB Port On/Off
- Destination Restriction
- IPsec
- IEEE 802.1X (Wire/Wireless)

### Device Security

- IEEE 2600.1 Certification\*

### Data Security

- HDD Lock
- Trusted Platform Module
- HDD Data Erase and Initialize
- HDD Data Erase Scheduler
- HDD Encryption
- Job Log Conceal

### Authentication

- Department ID/Control Card Systems
- Device Level Log-in (SSO-H)
- Access Management System (AMS)
- Function Level Log-in via AMS
- Authorized Send

\* Not available at time of launch.

# Dependable operation. Outstanding quality.

Gain a competitive edge with the brilliant, eye-catching colour of the imageRUNNER ADVANCE C350iF/C250iF MFPs. Keep work moving with true multitasking power in a compact space. All with the reliable performance you expect from Canon.

**V<sup>2</sup> COLOUR**

## Outstanding results

The imageRUNNER ADVANCE C350iF/C250iF models give you the ability to print high-quality documents in-house, regardless of the size of your operation. Proposals, reports, newsletters, and contracts are striking in brilliant colour or crisp black and white, thanks to Canon's state-of-the-art imaging and toner technologies. With Canon's new V<sup>2</sup> Colour, documents are even more vivid and vibrant than ever. With the compact finisher option, everyone in your office can make a great impression.

## Lots of uptime

Canon incorporates its signature reliability into every imageRUNNER ADVANCE Series model. Status notifications help keep you ahead of the game, and Canon's new toner bottles are easy to replace with less waste. If the correct paper for a job is unavailable, the system begins the next job without delay. And with access to the latest technology and simple, clear upgrades, you can power through your tasks, giving you more time to devote to other business areas.

## Powerful operation

Accomplish multiple tasks concurrently with the speed your work demands. These models have two dedicated processors that work together to accomplish multiple tasks simultaneously. And Quick Startup mode minimizes start-up time, so devices start up promptly to help keep you working with outstanding efficiency.

## Targeted, integrated solutions

With productivity being key, the imageRUNNER ADVANCE C350iF/C250iF models offer the ability to personalize the way your company gathers, organizes, and disseminates information. Canon's innovative MEAP® platform lets you run custom solutions to meet specific workflow needs. And new levels of connector and link support enhance communication with existing systems as well as those you may acquire in the future.

# Strong commitment. Eco-conscious solutions.

The imageRUNNER ADVANCE C350iF/C250iF models incorporate innovative, eco-conscious solutions that help keep your business operating efficiently while helping to reduce your environmental footprint.

## A responsible way to work

Canon knows that the world and the workplace need a more responsible workflow, and the imageRUNNER ADVANCE C350iF/C250iF models deliver just that. Now you can seamlessly share and distribute digital documents and preview files to make changes prior to printing, reducing the use of paper and toner. Print drivers are defaulted to duplex documents, encouraging two-sided printing to help reduce waste. And with secured printing, documents are sent to a device but not printed until a password is entered, further reducing paper waste.

## Eco-conscious design

Canon is making a difference through creative ecological thinking. These models employ certain components fabricated with 100% recycled plastic from retired products. Canon's innovative environmentally focused technologies also include bio-based plastic, a plant-derived compound that replaces certain petroleum-based plastic parts.

## A clear strategy

### Greater energy efficiency

From the inside out, the imageRUNNER ADVANCE C350iF/C250iF models are designed for high-energy efficiency and stellar performance. The combination of Canon's fusing technologies and QF toner helps lower overall energy consumption by minimizing power requirements and reducing energy use during warm-up and standby. With advanced technologies present in each model, the Series also meets ENERGY STAR® standards.

## Minimize environmental impact

All Canon suppliers are required to meet Canon's stringent Green Procurement policy and environmental terms. This helps the company exceed the toughest global standards set by the EU RoHS Directive, which restrict the use of certain hazardous substances. In fact, Canon was the first in the industry to meet the RoHS standards and continues this commitment to the environment.

## Reduction of CO<sub>2</sub> emissions

Through its Life Cycle Assessment (LCA) System, Canon has lowered CO<sub>2</sub> emissions by focusing on each stage of the product life cycle, including manufacturing, energy use, and logistics. These products are designed with less packaging to be small and light with high performance. They're intended to help make transportation more efficient.

# Add options to boost productivity.

**imageRUNNER ADVANCE C350iF/C250iF**

## Finishing Option

### Staple Finisher-S1

- Single tray, 500-sheet capacity
- Corner stapling up to 30 sheets

## Paper Feeding Options

### Cassette Feeding Unit-AG1

- 550-sheet capacity
- 16 lb. Bond to 60 lb. Cover
- Supports up to Legal

B

### Cassette Feeding Unit-AH1

- 550-sheet x 3-cassette capability
- 16 lb. Bond to 60 lb. Cover
- Supports up to Legal

## Main Unit

**Operation Panel:** 7" Colour WVGA, LCD Touch Panel

### Memory

Standard: 2 GB RAM  
Maximum: 2 GB RAM

### Hard Disk Drive

Standard: 80 GB  
Maximum: 80 GB

### Network Interface Connection

Ethernet 10/100/1000Base-TX

### Other Interface

USB 2.0 x3 (Host), USB 2.0 (Device)

### Copy/Print Speed (BW/Colour, Letter)

**C350iF:** Up to 36/36 ppm  
**C250iF:** Up to 26/26 ppm

### First-Print-Out Time (Letter)

**C350iF:** As fast as 5.9 Seconds (BW)  
and 7.4 Seconds (Colour)  
**C250iF:** As fast as 8.4 Seconds (BW)  
and 10.5 Seconds (Colour)

### Paper Sources (20 lb. Bond)

Standard: 550-sheet Paper Cassette  
100-sheet Stack Bypass  
Maximum: 2,300 Sheets

### Output Paper Capacity (20 lb. Bond)

Standard: 250 Sheets  
Maximum: 500 Sheets for non-stapled  
(with Staple Finisher-S1)

### Output Paper Sizes

Cassettes: Legal, Letter, Statement, Executive,  
Custom Size [(3-7/8" x 7-1/2" to 8-1/2" x 14")  
(98.4 mm x 190.5 mm to 216 mm x 355.6 mm)],  
and Envelopes (COM10, Monarch, DL, ISO-C5)\*  
Bypass: Legal, Letter, Statement, Executive,  
Custom Size [(3-7/8" x 5-7/8" to 8-1/2" x 14") (98.4  
mm x 148 mm to 216 mm x 355.6 mm)],  
and Envelopes (COM10, Monarch, DL, ISO-C5)

### Acceptable Paper Weights

Cassettes  
(Paper Drawer)  
1, 2, 3, 4): 16 lb. Bond to 60 lb. Cover (60 to 163 g/m<sup>2</sup>)  
Bypass: 16 lb. Bond to 80 lb. Cover (60 to 220 g/m<sup>2</sup>)

### Warm-up Time

From Power On: 34 Seconds

From Sleep: 10 Seconds

### Power Requirements/Plug

120 V, 60 Hz, 7.5 A, NEMA 5-15

### Dimensions (H x W x D)

24" x 20-1/8" x 24-1/2" (610 mm x 511 mm x 621 mm)

### Installation Space (W x D)

33-1/2" x 24-1/2" (852 mm x 621 mm)  
(When the Multipurpose Tray is extended)
